

2025 CADRE Fellows Program

January – July 2025

Applications due November 29, 2024

Program Highlights

- ✓ Monthly interactive webinars with experienced scholars on career pathways, dissemination, community building, and research funding
- ✓ Building community with early career researchers from across the U.S.
- ✓ Participating in a mock proposal review with an NSF program director
- ✓ Advancing a career-development project
- ✓ Attending the 2025 DRK-12 PI Meeting
- ✓ \$1000 stipend offered

Who Should Apply?

Doctoral students, postdocs, and similar early career scholars in EPSCoR jurisdictions and rural areas who are advancing the field of preK-12 STEM education.

“This program has shaped how I think about mentorship and provided me with resources and connections that now, six years later, I still use to help me get grants, mentor my grad students, and think about fundable research aligned with my interests.”

Tina Vo | University of Nevada, Las Vegas; 2017 Fellow

“I gained insight into navigating my journey from K12 education to an administrative role and now as a higher education faculty member.”

Brittany Hinyard | Southern University; 2021 Fellow

“Being a part of this group afforded me an opportunity to make connections outside of my institution, which was extremely valuable.”

Rachel Juergensen | Delaware State University; 2021 Fellow

“Being in a cohort with Fellows at different stages in their doctoral/postdoctoral journey supported my professional development. There was a lot of mentoring and advice offered between Fellows.”

Destinee Cooper | Clemson University; 2024 Fellow
